When the Elohim signified to the Sun of our System that the planet Earth was ready for the habitation of those lifestreams whom the God-Parents would choose to send forth, the Great Being who had taken the responsibility of creating and sustaining a system of worlds called forth a number of spiritual egos who were to form the first group to incarnate upon the planet. The mercy and love of the God-Parents, foreseeing the details required to manifest the Kingdom of Heaven through the mankind about to incarnate, divided this group of spiritual pilgrims into seven distinct classes, whose cooperative endeavors would most quickly fulfill the God Plan for the planet Earth.

Then, before the Throne of the Eternal Father-Mother God, were called the Children of the First Ray, and to them were given the Plan and the Vision held in the minds of these God-Parents and the Will of the Father for the expression of the great Perfection that was to be called forth in all the Seven Avenues of Service.

The Children of the Second Ray were next called before the Throne and they were vested with the responsibility of becoming the Teachers and Educators of the race; and they were charged with the task of developing the God Nature through instruction, explanation and example.

The Children of the Third Ray, in their turn, were vested with the power and responsibility of

keeping and sustaining Peace through a perfect understanding of the purpose and design of each of the Seven Rays; and the gifts each one was to contribute for the good of the whole.

The Children of the Fourth Ray were shown the exquisite perfection that was to be drawn into manifestation in cooperation with the Builders of Form through music, art, literature, architecture, and so on; and they were vested with the power and responsibility to create the perfect designs of the Kingdom of Heaven through the substance of the third dimensional world.

The group drawn before the Father who were to represent the Fifth Ray were given the fullest understanding of the Irrefutable Law that governs the atom and the universe that they might use the principle within that Law to draw toward themselves the required substance as well as the cooperation necessary for the fulfillment of the God Design, and, conversely, radiate from their own creative centers whatsoever qualities were desired to further the Cause for Good.

The Children of the Sixth Ray were drawn before the Throne and vested with the power to stir the spiritual nature of mankind to devotion to the God Flame, and through the presentation of an orderly ritual, that the inhabitants of the Inner Realms, both Angelic and Divine, might quickly mature the spiritual nature of the people.

Then the Children of the Seventh Ray were drawn before the Throne and vested with the power to enter into the consciousness of all peoples working under the entire Seven Rays and drawing forth the best in each one. They were to provide

a Government, an Educational System, a Universal Brotherhood, and a Cultural System of Science and Religion which would represent the apex of each of the Rays, thus unifying the work of the seven and closing a Cycle of Time.

When the First Manu went forth, some of the Children of each of the Seven Rays went with Him but the predominant number were First Ray people. Therefore, that Cycle of two thousand years emphasized the Quality and Nature of the First Ray, while the people of the other six Rays, although present and performing their services as designated by the God-Parents, were in the minority.

The second two-thousand year cycle emphasized the Qualities and Services of the Second Ray people - and so on down through the Seven Rays. You will see, as we now enter the two-thousand year period which is the Cycle of the Seventh Ray, that it becomes harvesting time for the entire evolution of the Cosmic Field, and that the development of good for the past twelve thousand years in every line of endeavor must be drawn together by the Great Chohan of this Ray and the particular lifestreams who were originally created as Seventh Ray people who performed minor parts while the other six Rays were successively active upon the planet. You have, therefore, Seventh Ray people who were among those who came forth when the First Ray was active and who have performed services connected with the Seventh Ray during the entire twelve thousand years that have passed; and you also have the newer consciousnesses who will be spiritually active for the first time under this Ray which they instinctively recognize as their own.

Because this is the closing of a fourteen thousand year cycle, the spiritual lifestreams who have achieved a momentum of good on any of the other Rays are likewise entering into the activity of the Chohan of the Seventh Ray, bringing the harvest of their own particular development as a gift of that Ray in this final Cosmic Hour. When the individuals who choose to work for the Great Chohan of the Seventh Ray can realize and recognize that, in this diversity of its nature, there is no conflict but rather a natural expression of the Sevenfold Nature of the Godhead, they will joyously enter into the task of the blending of this sevenfold nature through the gifts and talents of each component part; and the Chohan of the Seventh Ray, through incorporating the natures of all the Rays, will devise and sustain a system of Ceremonial Worship in which each distinct and individual type will find full expression for its talents and the necessary impetus for his own God development and ultimate victorious accomplishment.

The Inner Spheres around the Sun which form the aura or electronic belt are, of course, seven-fold; and in these spheres dwelt the entire number of egos who were to find development on the different planets of our system, but today I have only mentioned those connected with the planet Earth. You will, of course, understand that the activity in connection with the Earth was duplicated on each planet as each one became inhabitable, and that, in these Inner Spheres, are not only those egos who are to take part in the evolution of the Earth, but also those who are to form the population of the other stars and planets.

In each of the Seven Spheres dwells one of the Great Archangels and a Spiritual Being who represents the Chohan of that Sphere or Ray, but who is not of the evolution of the Sun of these planets, but rather a Volunteer from a superior system. Through the aeons of time connected with the evolution of an entire system and its planets there were developed from among the intelligences within each Sphere certain individual Beings who qualified for the Office of Chohan of each Ray, and this position has been held, successively, by different Beings through the centuries of time that have passed. The Office is permanent, but the Officiating Director is an Intelligence who is chosen by merit and holds the Office only until a successor is developed who can take over and allow the preceding Chohan an opportunity to progress in His service to the Universal Cause.

Blessings and Love,

MAHA CHOHAN

Because of the Cosmic Hour and the fact that the ten billion lifestreams belonging to the Earth's evolution have not yet evolved a consciousness which can emit Light to meet the Cosmic Law's demands, the Spiritual and Religious organizations presently functioning on the Earth today have been found wanting.

Anticipating the need for a new opportunity to release certain forces which would give that spiritual impetus to make every soul emit more Light, the Masters Morya and Saint Germain requested from the Sun the right to create a new channel through which the instruction and the spiritual impetus might flow to meet the Cosmic Law's demands. The Holy Christ Selves of the race then put in a petition whereby they might throw the full weight, so to speak, of Their influence into that endeavor at the January Council.

The limited Grant of the Sun to a number of Holy Christ Selves proved so efficacious that the further Grant was given in July, and the Holy Christ Selves, through the lifestreams who did respond to the new vibration, began, with the Builders of Form, under the direction of Myself and other Members of the Ascended Host, to build an actual Spiritual Heart made up of the alert individuals who chose to offer their bodies as a cell in this living organism which is to be truly the Spiritual Body of the Cosmic Christ for this era.
